Choosing the Right Plant for Your Site

Audubon

<http://www.audubon.org/nativeplants>

Enter your 5-digit zip code to use Audubon's native plants database and explore the best plants for birds in your area, as well as local resources and links to more information.

Angie's List

angieslist.com/articles/creating-wildlife-habitat-your-backyard.htm

Learn how to make a home for birds, butterflies, nature's other creatures in your backyard.

CalFlora

www.calflora.org/entry/help/planting-help.html

Using your street address, the application will find all commercially available native plants appropriate to the elevation, climate, and soil of your chosen site. The results are divided up by lifeform.

California Native Plant Link Exchange

www.cnplx.info

CNPLX is a collection of links to websites with information about California native plants, indexed by scientific name. You can also find which nurseries carry the plants you're looking for.

California Native Plant Society

www.cnps.org

The California Native Plant Society (CNPS) is a statewide non-profit organization of amateurs and professionals with a common interest in California's native plants.

Calscape

<http://calscape.org>

Our goal at Calscape is to help Californians restore nature and save water one garden at a time. We do this by showing people which plants are really native to any location in the state, helping them figure out which ones they want, and where to buy them and how to grow them.

Easy California Natives to Grow in Marin

http://marinmg.ucanr.edu/Choose_Plants/

Use the lists provided to find plants that are attractive, easy, waterwise, and pollinator friendly.

Las Pilitas Nursery

www.laspilitas.com

Species descriptions and guidance on how to select the right plant for the right place.

Marin Municipal Water District

<https://www.marinwater.org/sites/default/files/2020-09/Watershed%20Approach%20to%20Landscaping%20handbook.pdf>

Useful handbook of sustainable gardening practices with plant lists.

SF Plant Finder

plantfinder.sfplanning.org

A plant database for creating habitat in San Francisco.

The Watershed Nursery Plant Finder

<https://www.watershednursery.com/advanced-plant-finder/>

Use our database to help you find plants based on their water, soil or light requirements, or even by the species they attract or resist.

Yerba Buena Nursery
